A statement of outstanding long term indebtedness as of December 31, 1967, showing annual debt service requirements, is contained in Exhibit G.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased from \$17,167.85 to \$11,306.84 in 1967, as shown herewith:

<u>Current Surplus</u>	\$ 17,167.85	\$ 11,306.84

Treasurer:

The Treasurer's Cash Book was incomplete due to deposits made direct to this account by the Town Clerk and Tax Collector. When this procedure is followed, the Treasurer should be notified immediately.

Tax Collector:

On receipt of poll tax warrant and after verifying the additions, bills should be sent out at once to proceed with their collection.

Conclusion:

ROLLINSFORD SCHOOL DISTRICT  
REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Rollinsford:

The change that has occurred in the Rollinsford Grade School this year has been, to put it mildly, a profound one. We grew suddenly from an enrollment of 269 pupils to 330 pupils. The school budget also has reflected this sudden spurt in enrollment showing an increase of \$61,485.00 in one school year. Housing the pupils within our existing plant has been accomplished only by using the stage and activity room as classroom stations every period of the day. This has not resulted in an inferior educational curriculum; however, I do wish to point up the fact that we are crowded.

Teachers, more than any other factor, determine the kind of school one will have. I believe we have been fortunate in being able to recruit good teachers to work in the school. The staff is young but highly motivated with a good teacher-pupil ratio which has enabled the teachers to better meet the individual needs of students. Morale among members of the school staff is high. The adoption of a realistic beginning salary schedule along with the aggressive stance of the School Board in the area of teacher recruitment made it possible for us to reach the position we now enjoy.

We have been able to continue the purchase of up-to-date teaching materials, textbooks, and reference books. This particular area should be watched carefully to insure that qualified teachers have enough good books and reference materials to work with for we can short circuit good teachers by not giving them the proper tools of their trade. I fully realize that many people do not recognize that, with the continuous explosion of knowledge and with new teaching techniques, we need more and additional kinds of teaching materials. We need such things as books, film strip materials, 8mm film materials and projectors, magazines, paperback books, recordings, tape recordings and machines, 16mm films and machines, overhead projectors and projectuals to be used with these machines, teaching machines, programmed lessons and books, field trips for students, educational television, newspapers, radios, video-tape, video-tape machines, etc. The list is by no means complete, and I state it only to illustrate that education is changing and we must be ready to adjust to the change for the benefit of the children we are educating.

Last year I wrote that a good school does not just happen; we are a better school now than we were a year ago. I also stated last year that a community must work very hard to maintain a level once achieved. The passage of one year has not changed my thinking. In this day of rising costs and a shortage of qualified teachers, the school district that ignores reality must suffer the consequences of its actions. I wish I could tell you that costs will stabilize or go down. I cannot. In fact, just the opposite is the truth.

BUDGET

The proposed school budget in total has increased \$14,595.07, and the amount to be raised by local taxes is \$5,983.43 less than last year. A situation like this automatically triggers the question: How is it possible to have the budget go up and end up paying less in taxes? The answer is simply that we have been notified we will receive \$20,940.00 in school aid from the State of New Hampshire that was not received last year.

Here is where the budget has been increased:

1. Teacher salaries--the School Board negotiated with the Rollinsford Teach-

ers Association, and the result of these meetings is a new salary schedule with a base of \$5,400.00. The School Board also has granted the teachers payment for college courses provided the courses are approved by the school administration and the School Board.

2. School transportation has been increased due to additional mileage traveled by the buses.
3. Retirement has gone up due to higher social security costs and higher salaries.
4. The School Board has voted to pay fifty percent of Blue Cross-Blue Shield and major medical insurance for all employees of the school district. The fifty percent contribution is based upon a single person membership.
5. Tuition has been raised in all high schools where students from Rollinsford are in attendance. This one item has increased more than any other in this budget.

Last year the school district did approve a committee appointed by the Moderator to study the feasibility of our joining with another school district in an Area School Plan. This Area School Planning Committee is presently meeting with the Dover School Board and the Somersworth School Board to determine what, if any, arrangements can be made to insure space and a predictable cost for our high school pupils. In addition, this area committee will explore the possibility of reaching some agreement for junior high school pupils.

The junior high pupils are being considered under the Area School Plan due to the crowded conditions at the Rollinsford Grade School. At the present time we are using every available space and are faced with additional construction unless pupils can be housed elsewhere. The Area School Planning Committee will secure cost data which, along with school curriculum, can help determine what you, the citizens of Rollinsford, would like to do in terms of this problem.

The members of the Area School Planning Committee for Rollinsford are Chairman, Joseph Caouette, Mr. Peter Ordway, and Mr. Edmund Garland.

In closing, I should like to extend my appreciation to the Principal, Mr. Hatfield, the teachers, the custodians, the Nurse, the lunchroom personnel, and the transporter for their cooperation during the past year. Many other persons outside the school have also contributed a great deal to our success. The Parent-Teachers Association is particularly worthy of praise for its unselfish donations of time, money and non-paid personnel to the school. The American Legion and many individual citizens too numerous to mention have also supported the school and helped to enrich the curriculum.

To you, members of the School Board, I extend my personal gratitude for your many hours of unselfish devotion to the school and the children. Your counsel and cooperation with the entire school has enabled us to push ahead in the field of education for the pupils entrusted to our care.

Respectfully submitted,

Robert L. Brunelle,  
Superintendent of Schools

Rollinsford Grade School  
December 31, 1967

To: The Superintendent of Schools  
The Rollinsford School Board  
The Citizens of the Town of Rollinsford, N. H.

It is with pleasure that I submit to you this annual report covering in part some of the activities of the Rollinsford Grade School during the year 1967-1968.

Elementary Education is usually understood to mean appropriate schooling for children between the ages of six and fourteen. It is traditionally thought of in terms of mastery of the fundamentals of reading, writing, and arithmetic. The concept of elementary education has been expanding in recent years to include the furtherance of all aspects of the wholesome growth and development of children.

The general aim is the fullest development of each child. The goals of elementary education are both individual and social; they are derived from the basic needs of children and the demands of modern society.

Modern elementary education is concerned with helping each child to affect a behavioral change of each of the following types:

- (A) Knowledge and Understanding
- (B) Skill and Competence
- (C) Attitude and Interest
- (D) Action Pattern

These changes would be applied in the following areas:

- (A) Physical Development, Health and Body Care
- (B) Individual Social and Emotional Development
- (C) Ethical Behavior, Standards, and Values
- (D) Social Relations
- (E) The Social World
- (F) The Physical World
- (G) Esthetic Development
- (H) Communication
- (I) Quantitative Relationships

#### FACULTY

During the past year there have been many changes in the Faculty of the Rollinsford Grade School. These changes were brought about by the leaving of the system of the following teachers:

- |                          |   |
|--------------------------|---|
| 1. Mrs. Janice Wentworth | Grade 1                                 |
| 2. Mrs. Catherine Hickey | Grade 2                                 |
| 3. Miss Carol Vautrot    | Grade 5                                 |
| 4. Mrs. Elizabeth Tate   | Grade 5                                 |
| 5. Mr. Jean LaBrack      | Grades 6-7-8 Science and Math.          |
| 6. Miss Mary Floden      | Grades 6-7-8 English and Social Studies |

Their reasons for leaving were many and varied, and their leaving left a large hole in the teaching staff that was difficult to fill. In addition to the vacancies left by the above teachers, several new positions had to be filled. The new positions were brought about by the closing of the local parochial school and the trans-

fer of many pupils of St. Mary's to the Rollinsford Grade School.

The following teachers were hired to fill the vacancies mentioned above and to fill the new positions:

1. Mrs. Patricia Harris	Grade 1
2. Mrs. Linda Lord	Grade 2 (New Position)
3. Mrs. Laurene Charette	Grade 2
4. Mrs. Martha Peterson	Grade 5
5. Mrs. Virginia Wood	Grade 5
6. Mrs. Ann Reid	Grades 6-7-8 Science
7. Mr. Alan Ferry	Grades 6-7-8 Math. (New Position)
8. Mr. Murray Ingraham	Grades 6-7-8 English, Assistant Principal (New Position)
9. Mr. George Reid	Grades 6-7-8 Social Studies
10. Miss Shirley Quinn	Grades 6-7-8 Reading (New Position)
11. Mrs. Lydia Reardon	Grades 6-7-8 Teacher Aide (New Position)

The new teachers are working hard and well and, as a result of their helpfully cooperative attitude and fine spirit, the objectives previously listed are being implemented rapidly. I would like to compliment the various members of the faculty for their fine individual spirit as well as their excellent school spirit, their cooperation, their interest in their teaching as well as in the individual pupils and their healthy attitude toward their work.

Reference to the Faculty Data Sheet will give pertinent facts about each member of the teaching staff.

## ENROLLMENT

One of the interesting things to look at is this year's enrollment figures. We have found over the past years that the student population of Rollinsford is on the increase generally. The average pupil increase during the past years has been 10.46 pupils per year. Thus the school has grown gradually with little or no difficulty in housing. However this past year, the increase was 56 pupils over last year's entering classes. This increase has resulted in complete use of all the rooms of the building at all times. This includes a class on the auditorium stage during each of the seven periods of the day. It also means that the rear of the auditorium is devoted every period of the day to a study hall.

With a student population of 325 pupils and a faculty of 14 members this means that the Rollinsford Grade School is no longer the tiny country school of 1954 but has developed into a fairly large Elementary School.

Reference to the following tables will bring out the facts concerning:

- (1) Comparative Enrollments 1954 - 1967
- (2) Pupil Teacher Ratios
- (3) The Registration Statistics for the Grade School.

### HOT LUNCH PROGRAM

The hot lunch program of the school is under the direction of Mrs. Kathaleen Burke, who with her two assistants, Mrs. Rose Roberts and Mr. Clifford Dixon handle the preparation and serving of the lunch program in a very capable fashion. The menus are well prepared, well balanced and appealing.

Each lunch served is a Type A meal consisting of:

- (1) A Main Dish (of meat, fish, or poultry)
- (2) A Vegetable
- (3) A Sandwich of some sort (either sweet or plain)
- (4) A  $\frac{1}{2}$  Pt. of Homogenized Milk

Cost per lunch per child - 30¢ per day.

The number of meals served varies with the weather, the child's appetite, and the feelings of the child. We have served, during the past year, 32,663 meals to children. Some days we have served 217 pupils and others somewhat less. The average number of pupils served per day during the past year - 182.9.

Lest some of the people of the town feel that the only educational activity conducted by the district is the Rollinsford Grade School, the following Material concerning the High School population of the town is included.

It should be noted that there are 136 pupils attending the various Secondary Schools of the area. Of this number, there are 24 non-tuition students with 112 students for which the town pays tuition.

SPECIAL MEETING OF THE ROLLINSFORD SCHOOL DISTRICT

A Special Meeting of the Rollinsford School District was called to order at 7:30 P. M. on Thursday, April 27, 1967, by the Moderator, Douglas Rollins, in the Rollinsford Grade School Auditorium.

Mr. Rollins read the Warrant for Special Meeting and then the recommendation of the Budget Committee for a supplementary budget of \$32,465.00. The Moderator then stated that he awaited a motion.

Mr. Frederick Barry moved the District appropriated an additional sum of \$32,465.00 for the 1967-1968 school year, such sum to be used to offset an unexpected increase in enrollment. Mr. Albert Labrecque seconded the motion.

Mr. Lester Eldridge questioned the legality of the meeting. The Moderator read the statute (197-3) and the decree from the presiding judge authorizing the meeting.

Considerable discussion followed concerning the need for additional equipment for the hot lunch program, the effect on taxes of this appropriation, the cost of education per child, and the fact that transportation to St. Michael's School in South Berwick is prohibited by law. (Statute 189-9)

In view of the lack of attendance at the meeting, Mr. Barry then withdrew his motion and Mr. Labrecque withdrew his second. The Moderator then recognized Mr. Eldridge who moved the meeting be recessed for two weeks and be continued on Thursday, May 11, 1967, at 7:30 P. M. in the Rollinsford Grade School Auditorium. Mr. Barry seconded this motion, and the Moderator called for a vote which was unanimous.

The Moderator then declared the Meeting recessed until May 11 at 7:30 P. M. as voted.

Respectfully submitted,

April 27, 1967

Helen E. Rollins, Clerk

### SPECIAL MEETING OF ROLLINSFORD SCHOOL DISTRICT

The Special Meeting of the Rollinsford School District was called to order after a two-week recess by the Moderator, Douglas Rollins, at 7:40 P. M., on May 11, 1967, in the Rollinsford Grade School Auditorium. The Chairman of the School Board, Mr. John E. Lawlor, read a statement concerning the circumstances surrounding the meeting.

Mr. Edward McCann requested the Moderator to read the Warrant again, and Mr. Rollins read the Warrant, the Judge's Decree, and the notice of the Clerk concerning the recessing of the meeting.

Mr. Rollins stated that there being no motion on the floor from the prior meeting, he would entertain one, and Mr. Leuchs moved, "that the District raise and appropriate an additional sum of \$32,465.00 for the 1967-1968 school year, such sum to be used to offset an unexpected increase in enrollment." Mr. McCann seconded the motion.

Mr. Edmund Garland was then recognized and offered the following amendment to Mr. Leuchs' motion:

"I move that the sum of \$11,875.00 to be used for the purchase of departmental equipment of a lasting character and for the payment of judgments, be raised through the issuance of serial notes for a period of three years, as specified under RSA 33:3, N. H. Revised Statutes Annotated, resulting in an appropriation of \$24,983.00." Mr. Lawlor seconded the motion.

Mr. Robert McGurrien requested permission to offer a second amendment, but agreed to withhold it pending discussion and vote on the first amendment.

Considerable discussion followed. The Moderator then called for a vote, explaining that a two-thirds vote was required for passage and appointing Mr. Leuchs and Mr. Ordway as tellers. The vote was taken, and as it was 44 for and 33 against, the Moderator declared the amendment defeated.

Mr. McGurrien was then recognized and he offered the following amendment:

"To see if the voters of the School District will appropriate twenty-nine thousand, two hundred dollars (\$29,200.00) as additional funds for the year 1967-68; and that the portion not directly assigned to Teacher's Salaries be amortized through a three-year note, the details of this transaction being at the discretion of the School Board." Mr. Albert Labrecque seconded the motion.

The Moderator then requested permission for the Superintendent to speak. Mr. Brunelle explained that the wording of this motion was not legal according to the advice received from counsel, and Mr. McGurrien and Mr. Labrecque agreed to the withdrawal of their motion and second.

Mr. McGurrien then offered the following reworded motion:

"I move the voters of the School District appropriate twenty-nine thousand, two hundred dollars (\$29,200.00) as additional funds for the year 1967-68; and that the portion of a permanent nature be amortized through a three-year note, the details of this transaction being at the discretion of the School Board." Mr. Labrecque seconded.

The Moderator called for a vote on this motion and it was defeated.

There being no further discussion, the Moderator called for a vote on the original motion, explaining that only a simple majority was required for passage. The tellers reported a vote of 46 for and 24 against. The Moderator therefore declared that the

motion has carried and that the District had voted to raise and appropriate, \$32,465.00.

Mr. Ordway moved the meeting adjourn, Mrs. Hill seconded, the vote was unanimous and the Moderator declared the meeting adjourned.

Respectfully submitted,

May 11, 1967

Helen E. Rollins, Clerk

#### Fence Viewer

Mr. Albert Labrecque moved that Mr. Bliss Garvin be reelected. This was seconded by Mr. Joncas and the motion was carried.

ARTICLE 3. To see if the Town will adopt the emblem as shown on the Flag being presented to the Town by Martel-Roberge Post No. 47, American Legion, as the official emblem of the Town of Rollinsford.

Mr. Raymond Tancrede moved that the Article be accepted as read, seconded by Mr. Edward Theberge.

Mr. Raoul Labrecque displayed the flag while Mr. Raoul Therrien, American Legion Post Commander, explained the theory and purpose of the flag. He stated that the Town had been incorporated in 1849 and that the Old Mill, Foundry, Town Hall and Ordway Homestead had been selected as important landmarks to portray. Mr. Therrien announced that if the Town accepted the flag, the American Legion planned to have two more flags made up and they would be made available to various organizations of the Town.

Motion was put to a vote, was carried and the flag was duly presented.

ARTICLE 4. To see if the Town will vote to choose the Rollinsford Grade School as it's Town Meeting and Voting Place.

Mr. George Leuchs moved that the Article be accepted as read, seconded by Mrs. Doris Gibbons. A discussion followed and Mr. Norman Wallace suggested that because of possible danger to the school children from automobiles etc., the voting be carried out at the Town Hall and the meeting be conducted at the school.

Mr. Ovid Viel moved that this suggestion be made into an amendment to the Article and Mr. Edmund Garland seconded. Motion was put to a vote and was carried.

ARTICLE 5. To see if the Town will accept from the Rollinsford Volunteer Fire Department, a 1964 Ford Pick-Up Truck.

Mr. Robert Bisson moved that the Article be accepted as read and Mr. Ernest Ross seconded it.

In response to questions, Mr. Robert Bisson explained that the firemen had paid for the truck. As there is a need for it, they wished to present it to the Town.

Motion was put to a vote and carried.

ARTICLE 6. (a) To see if the Town will appropriate the sum of \$16,800.00 for complete mapping and revaluation of all taxable property.

(b) To see if the Town will vote to authorize the Selectmen to borrow the sum of \$16,800.00 for the purpose of mapping and revaluing the Town, and to pay back the same over a five-year period.

Mr. Edward Theberge moved rejection of this Article, seconded by Mrs. Marjorie Janetos.

Mr. Joseph Porter requested an explanation of the Article, and Mr. Rollins explained that \$9,800.00 of the sum desired would allow a complete set of photographic maps to be made. Each piece of property would have it's deed searched. The balance of the money (\$7,000.00) would enable qualified assessors to reassess all property. He described the present system of evaluation and pointed out the unfairness of it. Many abatements must necessarily be given and they have reached such heights, that the elimination of these alone could cover the expense of the requested new system over a five-year period.

In response to the question of why the Budget Committee didn't recommend this item, Mr. Charles Jackson and Mr. Edgar Gray, members of the Budget Committee, explained that as this was a large subject directly affecting the public, they chose not to veto or eliminate it, but to allow the people to have a choice in the matter.

After much discussion, the motion to reject the Article was put to a vote and defeated.

Mr. Henry Ouellette moved that the Article be accepted as read, seconded by Mr. Albert Labrecque.

This motion was put to a vote and was carried.

ARTICLE 7. To see if the Town will vote to appropriate the sum of \$2,500.00 to acquire by purchase-condemnation, the balance of the old railroad bed running from Front Street to Crockett's Crossing; not to be purchased for sewer purposes.

Mr. Ovid Viel moved that the Article be accepted as read, seconded by Mr. Raymond Brunelle.

As there was some question as to the availability of this land, Mr. Rollins explained that the \$2,500.00 was for the sole purpose of doing business with the Railroad and to make it possible to search all deeds.. He described the advantages of acquiring land such as this. The Town already owns 10<sup>4</sup> acres near the river and the development of this area in the distant future would be a decided asset. The old railroad bed could easily be made into a road.

The motion was put to a vote and was carried.

ARTICLE 8. To see if the Town will vote to accept the Budget as prepared and submitted by the Budget Committee.

Mr. George Leuchs moved that the Article be accepted as read, seconded by Mr. Edmund Garland

Mr. Albert Labrecque inquired as to why the Police budget needed to be increased.

Mr. Rollins explained that the Town has grown considerable and needs more adequate police protection which can only be accomplished by 24-hour coverage.

Police Chief Eldridge described the large number of police calls last year and explained that it was impossible to handle the increase on a part-time basis.

Mr. Samuel Yarnold asked why the Town was spending above appropriations in some instances. The overall expenditures for the year was described as conforming closely to the overall budget appropriations.

Mr. Joseph Caouette asked if any plans were being made for a new municipal building and the answer was no.

Mr. Charles Jackson moved that \$117,039.03 be appropriated and \$103,599.03 be raised by taxes, seconded by Mr. Edmund Garland. Motion was carried.

ARTICLE 9. To see if the Town will establish a Town Conservation Commission as set forth in R.S.A. 36-A.

Mrs. Jane Walker moved that the Article be accepted as read, seconded by Mr. Robert McGurren

Mr. Albert Labrecque asked for explanation of this Article and it was explained that it allows the Selectmen to take advantage of certain grants from the State for improving land and different areas.

The motion was put to a vote and was carried.

ARTICLE 10. To see if the Voters of the Town of Rollinsford will authorize the Selectmen to borrow money in anticipation of taxes.

Mr. Ovid Viel moved that the Article be accepted as read, seconded by Mr. Albert Labrecque. Motion was carried.

ARTICLE 11. To see if the Town will vote to authorize the Selectmen to administer or dispose of any Real Estate that has been or may be acquired through Tax Collector's Deeds.

Mr. George Leuchs moved that the Article be accepted as read, seconded by Mr. Zerin Lemay. Motion was carried.

ARTICLE 12. To transact any other business that may legally come before the meeting.

Mrs. Ruth Emerson asked if the bridge on Old Mill Lane was to be fixed. Mr. Rollins explained that this matter was already being investigated. The Selectmen have learned that the Town can participate in State Bridge Construction up to 40%. A large culvert has been priced at \$2,100.00. The Selectmen are now waiting word from a Mr. Avery. When plans are settled, a Budget Committee meeting can be called to decide on an emergency appropriation for the bridge.

There being no further business, Mr. George Leuchs moved to adjourn, seconded by Mr. Albert Labrecque. The Moderator adjourned the meeting at 10:35.
